

KEERTHANA MURUGAIYAN

Frontend Developer | +91 - 9789457499

Thanjavur, India • Email : keerthanamurugaiyan06@gmail.com • Portfolio : keerthanamurugaiyan-44785.web.app/

SUMMARY

Front-End React Developer with nearly 2 years of professional experience in designing and developing responsive web applications using React.js, JavaScript, HTML, CSS, Bootstrap, Tailwind CSS, and Redux. Experienced in REST API integration, state management, reusable component development, and performance optimization. Currently expanding expertise in Prompt Engineering, Large Language Models (LLMs), and Retrieval-Augmented Generation (RAG). Passionate about building scalable web applications and AI-powered solutions while continuously learning emerging technologies.

TECHNICAL PROFICIENCY

- **Programming Languages** : JavaScript (ES6+)
- **Frontend Technologies** : HTML5, CSS3, Bootstrap, Tailwind CSS, Material UI, PrimeReact
- **JavaScript Frameworks & Libraries** : React.js, Redux, Redux Toolkit, Redux Saga
- **Development Tools** : Visual Studio Code, Postman, Swagger
- **Version Control** : Git, GitHub
- **AI & Prompt Engineering** : Prompt Engineering, Prompt Design, LLMs, RAG, AI-Assisted Development
- **AI Tools** : ChatGPT, Claude, Gemini, Antigravity

WORK EXPERIENCE

Ebrain Technologies

Sep 2023 – Aug 2025

Front-End React Developer

- Developed and maintained responsive web applications using React, increasing application performance by 30%.
- Improved data flow efficiency by implementing state management solutions with Redux (Thunk/Saga) across 25+ components.
- Collaborated with UI/UX teams to design and develop 10+ intuitive applications using HTML, CSS, and JavaScript.
- Integrated RESTful APIs to enhance application functionality and improve user interactions.
- Optimized frontend performance by 20% through code splitting and lazy loading strategies.

PROFESSIONAL DEVELOPMENT

Prompt Engineering (Professional Development)

July 2026 – Aug 2026

- Completed professional training in Prompt Engineering and Large Language Models (LLMs).
- Designed and optimized prompts for AI-based applications and workflows.
- Worked with AI tools including ChatGPT, Gemini, Claude, and Antigravity.
- Gained practical knowledge of RAG, tokenization, embeddings, and AI workflows.
- Applied Prompt Engineering concepts in PromptPilot AI, a frontend-based AI workflow application using the Gemini API.

Technologies Used: React.js, Vite, Gemini API, JavaScript, Tailwind CSS, Framer Motion

PROJECT

Investment & Referral Management System (Freelance):

- Developing an Investment & Referral Management System for an individual client using React.js, JavaScript, Tailwind CSS, and REST APIs.
- Building responsive and reusable UI components for Admin, Staff, Agent, and Customer dashboards.
- Collaborating with the client to gather business requirements and implement new features.
- Leveraging AI-assisted development tools such as ChatGPT and Antigravity to improve development efficiency.
- Maintaining clean, scalable, and reusable code using Git.

Technologies Used : React.js, Redux, Redux Saga, Tailwind CSS, REST APIs, Git

Allwin Digital – Static Business Website (Freelance):

- Developed a responsive business website using React.js for an individual client.
- Designed reusable UI components and responsive layouts for desktop, tablet, and mobile devices.
- Implemented interactive UI elements and optimized website performance.
- Integrated navigation, contact, and social media sections based on client requirements.
- Delivered a responsive website aligned with the client's branding.

Technologies Used: React.JS, JavaScript, Bootstrap, HTML5, CSS3

Website link : <https://allwindigital-vadapalani.web.app>

LendWise - Loan Management Web Application:

- Developed a secure, responsive web app using ReactJS & Bootstrap, ensuring a seamless borrower-lender experience.
- Designed an intuitive UI for loan management, prioritizing usability & accessibility.
- Built dynamic modules for loan requests, approvals, and repayment tracking with real-time notifications.
- Integrated RESTful APIs for efficient backend communication & real-time transaction updates.
- Implemented JWT authentication & authorization to protect sensitive user data.
- Developed an admin panel for monitoring user activities, verifying loans, and handling disputes.

Technologies Used : ReactJs, Redux, Saga, CSS, Bootstrap.

Tools Used : Vs Code, Git, Postman

EDUCATION

PRIST UNIVERSITY

2019-2022

BCA - Computer Application
